

August COMMIT TO LEARNING

Young person is motivated to
do well in school

As families and community members we have the ability to help children build a strong foundation for future success!

Assets are about knowing you and what you are: a valuable, worthwhile person with many talents.

Here are some easy ways to make that difference to youth in your life.

Youth—

- Write down your goals and reasons for working towards them.
- Compare yourself with yourself. Not with others.
- Make each day count.
- Stick with it! Sacrifice what you do today for what you will be in the future.

Adults—

- Your belief in your child's competence affects their confidence and ability to learn.
- Attend parent-teacher conferences and keep in touch with your child's teacher.
- Help your child prepare for tests.
